CLERK OF CRIMINAL COURTS OF NEW ORLEANS AND ORLEANS PARISH CLARIFIES ED P. ORTTE'S RECORD

In recent newspaper articles, insinuations were made that my friends, my family and myself would be embarrassed if certain New Orleans records of 1922 were published. This may have led some people to believe that I may have been convicted of some crime or another. Even though I personally knew there were no violations, wrote the Clerk of the Criminal Courts of Orleans Parish, the custadian of all records of the City of New Orleans and Orleans Parish, asking for information of any such records.

In consideration of my family and my friends, I am glad this letter was answered in time to have it published in this week's edition. This verifies my recent statements through these columns "that I was never convicted of any crime, nor ever served a day in jail in my life" My letter and reply are herewith printed:

Honorable Edward A. Haggerty, Sr., Clerk of Courts, Orleans Parish, Criminal Court Building. New Orleans, Louisiana.

Dear Sir:-I am a candidate for the office of Sheriff and Tax Collector of Hancock County, Mississippi, the date of the first primary being fixed for August 2nd, 1955. Formerly I was an elected officer of the County, having served as member of the Board of Supervisors of

the County for Beat 5, for twelve years. As you no doubt know, frequently false and scurrilous attacks are made by some candidates upon others running for the same office in the course of a political campaign. I was formerly a resident of Orleans Parish, but left there to reside in Mississippi about the year 1926. Some insinuation has been made against me in my present race, by another candidate, referring to some so-called New Orleans

For the above reasons, I write to ask that you will search your records, if you will be kind enough to do so, and advise me in your official capacity as custodian of the Criminal Court Records, whether or not your records reveal any conviction against me therein; and further, whether or not there are any pending charges against me

Thanking you in advance for letting me have this information in your official capacity, I am Respectfully yours,

Deputy Sheriff of Hancock County, Mississippi (Clark's answer to Ed P. Ortio's letter):

> CRIMINAL DISTRICT COURT Parish of Orleans Edward A. Haggerty, Clerk

ED P. ORTTE,

Mr. Ed P. Ortte Deputy Sheriff of Hancock County Clermont Harbor, Mississippi

In answer to your letter of July 20, 1955, in which you request that a search be made of the records of the Clerk's Office of the Criminal District Court and ascertain whether the records revolu any conviction against you, and further whether any cases against you are pending at this time

Please be advised that I have caused a search and an examination to be made of the Accords, and I find in no case was any converion obtained against you and finition that no charges are matter against you as this time

BOYCE HOLLEMAN DISTRICT ATTORNEY

HE COMES FROM A PIONEER FAMILY
OF HANCOCK COUNTY

The Holleman Family has been closely associated with the history of Hancock County. Moody Holleman settled in the western part of Hancock County after fighting with Andrew Jackson in the War of 1812 at New Orleans and his son, Jeremiah Holleman, the great grandfather of Boyce Holleman, was born in 1824 in Hancock County: Both of these pioneers being buried at the Gainesville Cemetery. Jesse Holleman, the grandfather of Boyce Holleman, was born in Hancock County and later moved to what was then Harrison County and later became Stone County, where Boyce was born and reared.

HE HAS MADE AN OUTSTANDING RECORD
AS OUR DISTRICT ATTORNEY

For over two and one-half years, Boyce Holleman has served the people of this county and of this district fairly and impartially at the bar of justice. He has shown no favoritism, no bias or prejudice, and has served with a sincere devotion to the duties of his office. Many serious cases have gone up from this county and this District to the Mississippi Supreme Court and to the United States Supreme Court to be affirmed by those higher courts. One of these cases, the State of Mississippi vs. Mack Lewis, occurred here in Hancock County. The record that Boyce Holleman has made in handling the criminal business of the court has been a record not only of fair and impartial justice, but also one which has saved the tax payers great expenditures because of the lack of error in the trail of cases requiring them to be tried again. More important, Boyce Holleman has, as District Attorney, stood for the rights and privileges of all our people and has not been dictated to by any individual, clique or clan.

Here Is The Heartwarming Story Of The Man Who Serves Us

The Boyce Holleman Story, as written by veteran news reporter Jack Hancock shortly before his death. Under the Ding-Dong Domes by Jack Hancock, Jackson Daily News, March 24, 1950.

round here feeling sorry for myself because I'm a shut-in and can't get out like I want, I find it's a good idea to think about other people I know who have had it tougher than I have and come on through ready to fight the world. On such occasions, invariably think of Rop. Boyce Holleman of Wiggins, who is probably right this minute doing some connivery at the House, trying to got a road program through the legislature. I am sure there were many times after Boyce was shot down in flames by Jap pilots during the war, that he must have wondered whether he'd ever see Mississippi again—but you can't keep a guy like that down and he fought things through to get back to his home town, get elected to the Legislature and got into law practice. He isn't at all finicky about admitting that the face he boasts-while a fair facsimile of the one he used to own-isn't at all his own, but the result of plastic surgery; and that a lot of the rest of his body is "substitute;" -one-third of his body was burned away when his ship was burned with him in it.

To get back to the beginning, Boyce was born in Stone County, attended schools there and after

washed dishes three times a day to work his way through) went to Ole Miss for the 1941-42 session. There he varied it a bit by working in the Student Grill and cleaning ROTC rifles every week to meet expenses. In July of 1942 ho ioined the Navy as Seaman 2-C to take flight training; then went to aviation cadet and finally got his wings and commission as a carrier torpedo bomber. He later joined a squadron on the Pacific coast, aboard the small carrier, Gambler Bay. That's when things began getting hot.

Romember Saipan? Funny how short our memories are; but lots of us even back here remember that invasion. Boyce will never forgot it. On June 19, 1944, (D day plus 2 at Saipan) while supporting Marine ground troops, he was shot down in flames by Jap antiaircraft fire. He was making his second six-hour "hop" of the day; the boys had it rough about then. After floating around in the water for three hours, he was finally picked up by an armored Navy boat within 150 yards of Jap po-sitions. As usual, the Japs used him for target practice for most of those three hours; they'd swing on past him, but each time American planes chased them off. The radio

More dead than alive, Boyce was

picked up by the armored Navy ship and transferred to the USS Solace, a hospital ship, and transferred to a hospital at Guadalcanal. That's when the rough seige really started. After two months, he was transferred to Mare Island Naval Hospital, when the doctors decided that in spite of his serious injuries he was going to live anyway. One-third of the total body area suffered second degree burns. After 36 plastic surgery operations, they figured they had Boyce where he'd stay put together again - but meantime they'd given him over 500 (and that's five hundred) pints of blood plasma, in addition to seven whole blood transfusions. You can see why he became known around the west coast as "the walking blood bank." But the point is, he was walking.

For a year, he recuperated. By August, 1945, he decided all his patches would hold and reported to Corpus Christi, Texas; arriving there on VJ day. He stayed on anyway, serving as instructor until May 1, 1946; and finally retired the following December,

when he was advanced to rank of Lieutenant Commander because of battle commendation. Besides, he was getting to be an old man now! The ripe old age of 22! That made him, incidentally, the youngest lieutenant commander in the Navy, just as, at 21, he had been the youngest Navy lieutenant.

leng, but there's a nice bit of romance in this yarn about horo that I know you wouldn't want to miss. A sister of one of the fellow pilots came to visit one day and brought along a girl friend; after one look at the girl friend, Cupid did what the Jap couldn't. Boyce surrendered then and there but couldn't convince the girl that quick-and he says they wasted a whole year before they were married. Anyway, he got back to Ole Miss to finish his studies, got his B.A. degree and decided (in 1947) to run for the Legislature, getting 70 per cent of the votes to beat two oppenents in the first primary, then went back to Olo Miss to finish law school, and is still at it; he expects to finish law school this semester and hang up his shingle in Wiggins, all ready to practice and start making a living for him and Mrs. Holleman and son who arrived about 21

Make Your Vote Count

In a few days you will go to the polls to vote for Roger Cavaroc, Mr. and Mrs. H. M. Wise, Mr. and Mrs. Ben Moise, Mr. and Mrs. J. R. Scharff, Dr. will put the welfare, safety and future of yourselves and Mrs. E. A. Socola, Mr. and and your Community.

So many of us take so lightly the privilege of family, Mr. and Mrs. Don Chamvoting. How many people in other parts of the world Seal and Leo Seal, Jr., Mr. and can vote for the candidate of their choice? In how Mrs. C. C. McDonald Sr. and Mrs. many countries do the people—rich and poor alike C. C. McDonald Jr., Mr. and Mrs. Norman People Wr. have equal opportunity to have a voice in their E. C. Samuels, Mr. and Mrs. Paul government?

One thing many people overlook, when we speak of a Democratic form of Government, is that we are not just talking about the Federal Government. Good Section 1 and democratic government is just as important in the smallest town as in the greatest state—more important, in fact. Here, in a small community, we have the advantage of knowing personally each and every candidate who offers himself for election. We're not just voting for someone we read about in the newspaper or heard make a speech. In our County elections it is not a matter of guess work. We know who a man is; we know what his principles and morals are, therefore our vote is all important. It is the sacred duty of each of us to see that we elect good officials. If we do not, then we have no one to blame but

Our attitude toward elected officials has become cheap. A common saying is, "All politicians are alike they all get their share." Another is, "A straight man won't be elected." None of these words are true! There are many men who are interested in the progress and welfare of their town, their community and their county What future are we building for our children when we brush off lightly the actions of our officials? What example are we setting for the children of today who will be the voters and the officials of tomorrow?

As I have told you many times, "THE FUTURE OF YOUR COUNTY DEPENDS UPON YOUR SELECTION." TION OF ITS OFFICIALS!

It is not hard in our county to hold each candidate up for inspection. Think about his morals, printiples, the way he treats his friends, acquaintances **sand even his enemies. In his private life, and in public,** think how he acts is he unduly obligated, does he talk much and do little"—does he show a sense of airness, tolerance and honesty—does he take advanthose who have less and play up to those who eve more? Would you trust him with your money, and would you put your welfare in his hands?

I am very grateful that you, the voters and taxpayers, have given me an opportunity to serve you by electing me Supervisor four years ago. You gave me get chance to prove to you the kind of official I knew I would be as a Supervisor of Hancock County I put to my best effort. Many many times I was fighting to your rights, as I saw them, single-handedly against that and strong odds. I am satisfied that if a man an able Office works for the PEOPLE and the COM-PARTY unselfishly, with no thought of personal gain, as results are bound to be good for all. This I have

A Message On Segregation to the

MOTHERS OF MISSISSIPPI

—Do you want to be sure that your boys and girls can continue to attend segregated schools, swimming pools, picture shows

-NAACP action to force open schools to negroes has already started in Vicksburg. Clarksdale, Natchez, and Jackson are next on the list.

Efforts to enforce the U.S. Supreme Court order to end segregation in our schools are right on us-here and now.

The "National Association for the Advancement of Colored People" (NAACP) is organized in Mississippi, has plenty of money, and means business. A petition by negroes to end segregation was made last week on the school board in Vicksburg, and they say that Clarksdale, Natchez, and Jackson are next on their list.

The head of the NAACP in Mississippi, in a report carried by state newspapers said "we plan to file similar petitions in all sections of the state, in city and county, until Mississippi is saturated with petitions.'

The NAACP head called Fielding Wright the leading "foe of integration".

The NAACP is trying to use the school door as a way to destroy all of our segregation laws. The NAACP not only wants integrated schools but would use our schools as the opening wedge to completely intermingle the races. Fielding Wright saw this danger early, and in 1948 he took the lead in the fight for States' Rights -the right of any state to manage its own internal affairs. He made a great fight in 1948, but with few exceptions, Southern politicians were afraid to join with him.

His opponents in this race for Governor did not roise their voices to help. They either were ignorant of what was going on or else were afraid to join in the fight.

Because of his courageous stand, Fielding Wright is the only candidate in the race for Covernor whom Northern radicals and "Mix-i-crats" say MUST be defeated. hate him because he stands in the way of their plans to wreck our way of

ielding Wright is the only candidate with a prac-TODA tical plan to keep our segregated schools and protect our school boards and trustees from contempt of federal court actions.

Fielding Wright will ask the Legislature to use its Constitutional rights to maintain the Mississippi law enforcing segregation as necessary for public order, welfare and safety. Acting under this specific order, Fielding Wright, as Governor, will stand between all school Trustees and School Boards and efforts by Federal Courts to punish them for obeying the Legislature. If anyone is to be held in contempt of Federal Court it will be

Fielding Wright. The Supreme Court will have to remove Mississippi's Governor from office and shelling the power of the Mississippi Legislature in order to enforce its order on segregation. They'll never be able to do it!

Missisalppi has plenty of lawyers, judges and courts. What it reeds, in addition, is a courageous, experienced man in the executive branch of government to deal with the protein. Fielding Wright has demonstrated that the has the courage and the experience in government, than all of his opponents put together!

Albert Farve Grateful To Ed P. Ortte

I want to thank Mr. Ed Ortte for all the good he did for me when it looked like my end was coming, I was suffering bad and the doctor said the only thing they could do to save me was to operate on me for gall stones. I was asking for my old boss Mr. Ed as I was sure suffering.

Mr. Carl Thomas kept phoning different places for Mr. Ed until he found him. It was after ten when he come to my house and found me in this bad way. All my friends and relatives were ther but there was nothin they could do.

Mr Ed got in touch with the hospital in Gulfport, they couldn't take me in I'm just a poor old Darkie and when the Negroes get in the shap I was in he is in a bad fix.

Mr. Ed put me in his automobile with Mr.

Leon Farve and Mr. Russell Ellion and rushed me to the hospital in New Orleans, where they took me in The Doc give me relief right away from my pain.

They give me all kind of medicine, fed me good and a week later they operated on me for a major operation.

I am sure getting along better and am going to live a long time yet I hope to be home soon been in here about four weeks

I want to thank all my relatives, my good friend Mr. Carl Thomas, Mr. Russel Elliott and Mr. Leon Farys and my good friend the preacher. Every night I pray is bed for Mr. Ed to win the race for I know he is good man to the colored

We all know that the Office of Board of Supervisor is now a big business and it should be first in importance to each tax payer. I believe that a man should give it his full attention and if I am elected I will be able to give the office my full time as I have no other business to look after. I am running strictly as an independent Candidate and I will represent all people with special favors to none. I am interested in good roads, proper and adequate drainage, modern schools and up to date hospital and anything else pertaining to the progress and welfare of our County which we can afford. I will make you one definite promise and that is to give an honest, constructive, economical and efficient administration and that I will see that you will get full value for every tax dollar spent. Remembering that I am your servant and that I will be at your command at all times.

CANDIDATES AND VOTERS BE ON GUARD FOR LAST MINUTE PROPAGANDA!

Always during the last days of a campaign, a few vicious characters start spreading harmful and malicious rumors against the candidates. They feel there is not sufficient time to correct these rumors before the election and so keep the candidates and voters confused. This is not usually done by the candidates them-selves, but by masterminded politicians.

During one windup campaign, a rumor was spread "that I did not like horses and found pleasure in blinding them by shooting out their eyes with a BB gun." This is indeed silly, but yet some people believed it.

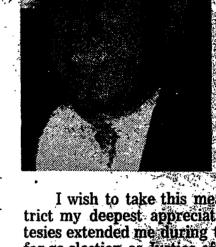

One of the most vicious rumors being spread about me at this time is "that I am attempting to have the postmaster of the Clermont Harbor Postoffice discharged." He is a nice young vet eran who did his duty for his country excellently in the service and is now disabled. These propaganda mongers are attempting to make people believe that I would sink so low as to cause him to lose his position. This young man, as far as I know, has made a very good postmaster and I am certainly not guilty of these false

Another ridiculous rumor spread among the colored people is That if I am elected I have promised to appoint one of my Chief opponents as a deputy." I will not name the man but I believe everyone knows who he is. This I guarantee WILL NEVER HAP-PEN I WILL GO FURTHER TO PLEDGE THAT I HAVE NOT MADE ANY AGREEMENTS WITH ANY OR MY OPPONENTS

Another rumor is "that I am furnishing campaign money to candidates in some of the other races". This propaganda is most ridiculous, unfounded and untrue. So I ask all the people and allthe candidates not to believe this vicious propaganda that will confuse the voting public and cause friction among the caudidates.

This has happened in every election and a few amart politicians at back and laugh at the general public. It is my belief that no lasts will stoop so low as to spread these kind of rumors him-
